School Performance Fact Sheet
2014-2015

Class A Tractor-Trailer Course

Calendar Year	Number of Students Who Began Program ¹	Students Available for Graduation ²	Graduates ³	Completion Rate ⁴
2014	33	33	30	91%
2015	33	33	25	76%

Student's Initials: _____ Date: _____

¹ **Number of Students Who Began Program:** means the number of students who when they begin the program were scheduled to complete the program within 100% of the published program length within the reporting calendar year, and includes all the students who remained enrolled after their cancellation period.

² **Students available for graduation:** means the students who began the program minus the students unavailable for graduation.

³ **Graduates:** means the number of students who complete a program, within 100 percent of the published program length, during the reporting year. Please note; The students may have begun the program a year or even years before, but if at the time the student enrolled, they were scheduled to complete during the reporting year and they completed on time, they would be considered a 'graduate'. Remember, when a student signs an enrollment agreement they are given an expected completion date which is the published program length.

Institutions must report completion information for students graduating within 100% of the published length but institution may separately report completion information for students completing the program after the published date but within 150 percent of the original contacted time. If an institution chooses to report the optional data it will be the percentage of students that complete between 101% and 150% of the scheduled time.

⁴

Completion Rate: is the number of Graduates divided by the Number of Students Available for Graduation

Placement Rates

Calendar Year	Number of students who began program	Number of Graduates	Graduates Available for Employment ⁵	Graduates employed in the field ⁶	Placement rate % Employed in the Field ⁷	Graduates employed in the field an average of less than 32 hours per week	Graduates employed in the field at least 32 hours per week

⁵ **Graduates Available for Employment:** means the number of graduates minus the number of graduates unavailable for employment. "Graduates unavailable for employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁶ **Graduates employed in the field:** means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable education program. For occupations for which the state requires passing an examination, the period of employment must begin within six months of the announcement of the examination results for the first examination available after a student completes an applicable educational program.

⁷ **Placement rate % Employed in the Field:** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
